- Curriculum vitae (not more than 4 pages)
- Description of your proposed research or academic objectives at the MBL (not more than 5 pages). Explain how being at the MBL will help you achieve your goals. Reference any relevant collaboration with MBL scientists.
- Explain how you will interact with The Ecosystems Center staff or students attending the SES at the MBL (not more than one page).

Research and Space Needs:

Please check off or describe any specific equipment or space needs you have below.

Fume Hood Running Seawater Refrigerator/Incubator Library Desk

Radio isotopes (specify) _____

SEMESTER IN ENVIRONMENTAL SCIENCE (SES) Faculty Fellowship Application - 2011

Live marine organisms (indicate species) _____

List any equipment you would bring with you and indicate any special research requirements you have:

Notes:

Basic laboratory equipment (hot plates, ovens, pH meters, etc.) may be rented from the Apparatus Department. Call (508) 289-7444 for additional information on items available and rental rates.

Live marine organisms can be supplied by the Aquatic Resources Division of the Marine Resources Center. Information about available species may be obtained from the order desk (508) 289-7375.

Collaboration:

List the names of any investigators in Woods Hole with whom you intend to collaborate during your fellowship: _____

Housing:

Dormitory rooms, efficiency single rooms, 1 and 2 bedroom apartments, and small cottages are available on the MBL campus. The cost ranges from approximately \$700 - \$1100 per month. Off-campus housing is available through realtors and winter rental rates for houses range from \$800 to \$1,500 per month. The Woods Hole Oceanographic Institution (WHOI) maintains a "WHOI Community Housing" website that is useful for exploring housing options.

Housing registration forms, etc. will be sent to the recipient of the fellowship at the time the award is made. Housing costs are not directly subsidized by the Fellowship.

Signature of Applicant: _____ Date: _____

Job Title: _____

If you have questions, call the Semester in Environmental Science office at the Marine Biological Laboratory, (508) 289-7777 or e-mail SES@mbl.edu.
